# Subject Index

## A

- Abscess, retroperitoneal, and gallstones, 964
- Achalasia
  - discordance in twins, 221
  - esophageal emptying, 945
- Adenosine monophosphate, cyclic, and gastric juice, in dogs, 265
- Alcohol, pyloric sphincter and, 934
- Ampicillin, colitis and, 910
- Anastomosis, portacaval, and bile acids, 829
- Anemia
  - autoimmune hemolytic, ulcerative colitis and, 282
  - pernicious, gastritis and, 187
- Aneurysm, splenic artery, and hemosuccus pancreaticitis, 726
- Antacids, duodenal ulcer and, 758
- Antibodies, antimitochondrial, 15
- Antigen, histocompatibility, and peptic ulcer, 314
- Antiinflammatory agents, nonsteroidal
  - gastrointestinal effects and, 53
  - pylorus and, 217
- Antrum, gastric, abnormal vasculature, 155
- Arsenic, hypertension and, 70
- Arthritis, treatment side-effects, 53
- Ascites, cirrhosis and, 136, 645
- Aspiration, pulmonary, and gastroesophageal reflux, 839
- Aspirin, gastric mucosa and, 823
- Atrophy, villous, and biliary cirrhosis, 802

## B

- Bacteremia, *Campylobacter*-induced, 950
- Bile, pancreatic secretion and, in rats, 602
- Bile acid
  - breath test, 33
  - BSP and, in monkeys, 350
  - colonic absorption, 545
  - portacaval anastomosis and, 829
- Bile duct
  - carcinoma, and cirrhosis, 166
  - obstruction and management, 849
- Bile salts, cholecystograms and, 583
- Biliary obstruction, pancreatitis and, 145
- Bilirubin metabolism, nicotinic acid and, 700
- Biopsy, aspiration, ultrasonic guidance, 694
- Bleeding, gastric, drug-induced, 525

## Book reviews

- Alcohol and the Liver, 574
- Common Acute Illnesses, 495
- Computed Tomography of Abdominal Abnormalities, 574
- Cope's Early Diagnosis of the Acute Abdomen, 893
- Developments in Digestive Diseases, Clinical Relevance, Vol 1, 89
- Diabetes Mellitus: Theory and Management, 253
- Diagnosis of Cholecystoses: A Radiological Survey with Clinical Aspects, 254
- Diagnosis of Liver Diseases: An Illustrated Textbook, 90
- Diseases of the Gallbladder and Biliary System, 89
- Drug-Induced Nutritional Deficiencies, 90
- Gastrointestinal Radiology in Pediatrics, 333
- Liver and Bile, 89
- Mealtimes for Severely and Profoundly Handicapped Persons, 495
- Membrane Alterations as Basis of Liver Injury, 333
- Nutrition and Drug Interrelations, 253
- Nutritional Support of Medical Practice, 333
- Postcholecystectomy Syndromes, 893
- Radiologic Diagnosis of Polyps and Carcinoma of the Large Bowel, 495
- Seminars in Infectious Disease, Vol 1, 574
- The Bile Acids, 89
- The Esophagus, 254
- The Hepatobiliary System, Fundamental and Pathological Mechanisms, 574
- The Liver: An Atlas of Scanning Electron Microscopy, 495
- Ultrasonography of Digestive Diseases, 574
- Viral Hepatitis, 813
- Why Not Say It Clearly?, 813
- Bougienage, esophageal perforation and, 319
- Bowel, small, obstruction evaluation, 245
- Bowel disease, inflammatory
  - conference report, 781
  - lymphocytes and, 705
  - scintiscanning, 363
  - scoring system, 620
  - virus infection and, 609

BSP, bile acid and, in monkeys, 350  
 Breast-milk immunity, 876  
 Bypass, jejunoileal, and liver disease, in rats, 916

# C

*Campylobacter fetus*, bacteremia and colitis and, 950

# Cancer

bile duct, and cirrhosis, 166  
 celiac disease and, 684  
 colon, and diet, 746  
 colorectal, diagnostic techniques, 277

Cecum, electrolyte secretion, in rats, 551

# Celiac disease

malignancy and, 684  
 prostaglandin E<sub>1</sub> and, 763

Cholangiopancreatography, endoscopic retrograde, and biliary obstruction, 145

Cholangitis, sclerosing, and Peyronie's disease, 490

Cholecystogram, bile salts and, 583

# Cimetidine

bone-marrow suppression and, 730  
 duodenal ulcer and, 465, 468, 758

# Cirrhosis

ascitic fluid and, 136, 645  
 bile duct carcinoma and, 166  
 glucagon and insulin levels, 594  
 immunoglobulin synthesis and, 741  
 jejunal villous atrophy and, 802  
 liver tests and, 358  
 renal hemodynamics, 25

# Colitis

acute *Campylobacter*-induced, 950  
 hemorrhagic, and ampicillin, 910  
 salmonellosis and, 203  
 ulcerative  
     anemia and, 282  
     thrombosis and, 232  
     viral infection and, 609

# Colon

bile acid absorption, 545  
 cancer and diet, 746  
 cancer and sigmoidoscopy, 277  
 cytomegalovirus and, 376  
 foreign bodies in, 236

# Crohn's disease, 269

fistulas and, 316  
 microscopy of, 369  
 onset and prognosis, 752  
 Takayasu's arteritis and, 954

Cyst, chylous mesenteric, 797

Cysteamine-induced ulcer, 471

Cytomegalovirus infection, colon perforation and, 376

# D

Detergent, hydrophobic, and lipid absorption, in animals, 718

Dialysis, peritoneal, and pancreatitis, in rats, 111, 117

Diet, colon carcinoma and, 746

L-Dopa, lower esophageal sphincter and, 289

# Drugs

effect on gastric mucosa, 823  
 effect on liver, 785

# Duodenum

motor activity and pancreatic function, in dogs, 689  
 pancreatic insufficiency and, 775

# E

## Editorials

American Journal of Digestive Diseases 1934-1977, 1
